About the

GWEN S. CHERRY BLACK WOMEN LAWYERS ASSOCIATION

The Gwen S. Cherry Black Women Lawyers Association (GSCBWL), formerly the National Bar Association Women Lawyers Division Dade County Chapter, was formed in 1985. The Association's mission is to address the concerns of women lawyers, and to address the legal, social, and economic needs of the Black community, and the community-at-large.

For over thirty years, GSCBWL has been a network of attorneys dedicated to community service and the professional development of its members. The Association has placed a strong emphasis on community service through its community seminars, and programs educating and empowering youth, and the mentorship of law students. The Association is also known for its support of its members' growth and development within the legal profession. With this support, our members have achieved many "firsts" within Florida as lawyers within law firms, corporations, government agencies and the judiciary.

In 2005, the association voted **to be renamed in honor of community activist Gwendolyn Sawyer Cherry**, who was the first Black female attorney to practice in Dade County, and the first Black female legislator in the State of Florida. Throughout the association's existence, it has grown and its reach has expanded. Although it began as a Dade County bar association, GSCBWL currently represents over 350 men and women law students, lawyers and judges throughout the State of Florida.

Greetings and welcome to the 2020 Judicial Candidates Forum. We are excited to present to you the 14 Miami-Dade County judicial candidates who look to be elected on August 18, 2020, and to serve as your county and circuit judges. This will be an informative session where our incumbent judges and their challengers have had the opportunity to prepare to speak directly to the concerns of the community.

For the past 14 years, Gwen S. Cherry Black Woman Lawyer's Association has a long-time commitment to providing the community with access to candidates running for our county and circuit benches. Gwen S. Cherry will continue to support the community in ways to ensure that the needs of the community are met.

It is critical for the community to have the opportunity to learn firsthand what the judicial candidates believe, strive for, and implement in their daily work. The judicial system is one of many institutions that directly impact our lives and that of our family and friends. We have a right to access to the courts and to be fairly treated under the law.

Tonight, I hope this event provides you with enough knowledge to make informed decisions and have the confidence and trust in our elected Judges to properly serve. I urge you to take notes of each candidate's responses, their knowledge base, competency, and their willingness to serve you. I encourage you to share the facts about the candidates with your friends and family in time for the upcoming primary elections. This is a critical time to exercise your power to vote. Remember John Lewis and all those who have worked hard and sacrificed to secure that right. We all have an obligation to do our part.

I thank all the candidates who join us tonight as they understand the importance of connecting with our community leaders and members. This event could not have been possible without the contributions of our committee members, partners and co-Sponsors. Thank you for your collaboration and support to making this another successful event.

WILKIE D. FERGUSON, JR. BAR ASSOCIATION

July 30, 2020

Greetings!

On behalf of the Wilkie D. Ferguson, Jr. Bar Association, I would like to welcome you to this 2020 Judicial Candidates Forum. The Wilkie D. Ferguson, Jr. Bar Association is the Black Lawyers Association of Miami-Dade County. It was founded in 1977 by a group of lawyers who realized that barriers to full inclusion into the legal community in Miami-Dade County could only be accomplished through a collective effort. The Wilkie D. Ferguson, Jr. Bar Association remains committed to the ideal of equal access, equal opportunity and equal justice in the legal system.

In our continued commitment to the community, we welcome this chance to partner with the other organizations to participate in this forum. We encourage everyone to get involved in the local elections. Making informed decisions begin with ensuring that we listen to the candidates. We allow them the opportunity to present their vision and ideas for the future of our community. Although we may not agree with each candidate and may not agree on each of their plans, we do agree that they need to be heard.

Participation in opportunities such as this forum is a right and responsibility of everyone who is eligible to vote. We must inquire into those issues which are the most important and have the most impact on our families and loved ones. Responding to the community in which the candidates which to serve is an obligation of everyone who seeks to be elected to office. We as a community must hold them responsible to serve the interests of the community. That responsibility begins in forums such as this one, before they are elected into office.

We are a community of innovators, educators, leaders and scholars. We have an obligation to ensure that our communities are represented by those who have the best interest of the community in mind when they seek to hold office. But we cannot make that assessment if we do not perform the work. We must ask the questions, do the research, talk with our neighbors and make informed decisions together. We look forward to hearing the candidates. We are glad that you here to join us in this endeavor.

Sincerely,

Trelvis D. Randolph, President

Wilkie D. Ferguson, Jr. Bar Association

Welcome to our first Virtual Judicial Forum.

Judges serving our community have a substantial impact on our lives and families. That is why the election of Judges is so important and should not be taken lightly.

Lawyers running for judge and Judges running for re-election often travel in an arena that many voters never venture into, placing the voter at a disadvantage during election time. Believing that an informed voter can make an informed decision, we have brought together in one location those candidates seeking your vote for Judge. This judicial forum is designed to allow you an opportunity to “meet your candidate.”

Delta Sigma Theta Sorority, Inc., is an organization that strongly believe in social action. Effecting change is at the core of our being. Our first public act was the participation in the Women’s Suffrage March in Washington, D.C. in 1913. The Founders of our organization marched so that all women may have the right to vote. Over one hundred years later and with more than 400 chapters nationally and internationally, Dade County Alumnae Chapter of Delta Sigma Theta Sorority, Inc., being one of two local chapters, continue to advocate and encourage everyone to make a difference by exercising the right to vote for which our forefathers fought and died.

We hope that you will leave this forum with a better understanding of the importance of local elections, armed with knowledge of the candidates that are seeking our support for judgeship, enthusiastic about casting your vote and encourage others to vote in the *upcoming* election and *every* election.

Dade County Alumnae Chapter of Delta Sigma Theta Sorority, Inc., is grateful for the opportunity to partner this Judicial Forum with our co-sponsors educating and preparing our community for the upcoming election.

Thank you for attending this forum.

Don’t be just a voter, be an educated voter!

Flora M. Jackson,
President

Dade County Alumnae Chapter
Delta Sigma Theta Sorority, Inc.

Nawa Fung Lyew,
Miami Chapter VP
Jack and Jill of America, Inc.

It is an honor and pleasure for Jack and Jill of America, Inc., Miami Chapter to support the 2020 Judicial Candidate Forum. This event provides such a unique opportunity for our children to learn more about the local judicial candidates while at the same time educating them on the voting process! Voting plays a critical role in the lives of all. Introducing the children to judicial forums, during their formative years, will only encourage kids to exercise their constitutional right to vote, when they reach the age of the majority. Hence, the importance of the voting process begins now.

Events, such as these, serve as a great way to inspire critical thinking when evaluating who is best suited to hold judicial office, given the fact that candidate forums are nonpartisan, unbiased and impartial. With that in mind, our children will be able to concentrate on the respective candidate's qualifications. One of the goals of the Miami Chapter is to educate the children on the electoral process. Our focus is to give the children the chance to develop good listening skills by promoting active listening.

We look forward to hearing the candidates articulate their knowledge of the law, demonstrating common sense and professing their willingness to uphold the rule of law. We are sure of one thing; ***our children will walk away with a better idea of who will be the best candidate for office.***

Thank you, Gwen S. Cherry Black Women Lawyers Association and co-sponsors, for opening the door to learning and including the children. They are our future leaders of tomorrow!

ACLU

Florida
Greater Miami

Greetings,

On behalf of the ACLU of Florida Greater Miami Chapter Board of Directors and our local members, I would like to thank you for attending the 8th Annual Judicial Forum hosted annually by the Gwen S. Cherry Black Women Lawyers Association. Voting is the cornerstone of our democracy and the fundamental right upon which all our civil liberties rest. Exercising that right responsibly includes educating oneself on ballot measures and candidates.

This judicial forum should serve as insight into the candidates' commitment to the protection of the civil liberties we are all guaranteed. Judges are critical local officials – decisions they make over the course of their elected tenure should matter to all of us as a community. Whether it be determining bail in a criminal case, crafting time-sharing arrangements in family court, or deciding whether a civil case should go to a jury, these and other decisions they are charged with making invariably shape our community and the lives of those who live in it.

Nationally and locally, protesters are demanding long-needed criminal justice and police reform. Miami is not exempt. Donning a black robe does not strip judges of their individuality, life experiences, or biases. These are carried with them in virtually every decision they make. It is just as imperative to understand *who* they are as it is to see what they have accomplished in their careers.

The ACLU is freedom's watchdog — a national, nonpartisan, nonprofit 501(c)(4) corporation which works daily in the courts, legislatures, and communities to defend the individual rights and personal freedoms of every man, woman, and child in this country. Formally recognized by the ACLU as an affiliate on June 6, 1955, our chapter is the largest and oldest chapter in the State.

The Greater Miami Chapter – a collective of like-minded and committed activist with 5700+ members - is dedicated to equality and justice; our mission is to ensure that Miami-Dade County stands tall in the eyes of the nation as a community that respects and upholds the Constitution. Consider whether the candidates speaking at the forum would help ensure the same.

I would like to thank all participating candidates as well as the Gwen S. Cherry Black Women Lawyers Association in conjunction with other supporting groups for giving our community the opportunity to make an informed decision at the ballot box.

Sincerely,

Nicole Noe Almeida Sinder, Esq.
President, Greater Miami Chapter Board of Directors

Understanding the Judicial System

Our goal is to assist voters in making an informed decision concerning the election in the state court system. In the federal system, judges are appointed. However, in Florida judges may be appointed or elected, depending on the level of court for which they serve.

The **Florida Supreme Court** is Florida's highest state appellate court. Justices are appointed.

The **Third District Court of Appeal** reviews the decisions of trial courts using multi-judge panels. Generally, the decision of the district courts of appeal are the final appellate review of a contested matter. District court judges are appointed.

The **circuit courts** hear a wide range of cases. The Circuit Civil Division hears foreclosures and civil cases, with damages in excess of \$30,000, filed by an individual, business or government agency. The Circuit Criminal Division hears major criminal (felony) cases where the resulting penalty can be imprisonment or death. Sometimes, circuit court judges hear appeals of county court cases.

The **county courts** are sometimes called "the people's court." The County Civil Division hears landlord tenant, small claims (amounts up to \$8,000) and county civil (amounts of \$8,001 to \$30,000) cases. The County Criminal Division hears misdemeanor criminal cases including traffic violations.

Circuit court and county court judges are appointed or may seek election for six-year terms. During the August Primary Election, judges for circuit and county court will be on the ballot. This year, in Miami-Dade County, there will be five (5) circuit judge seats and two (2) county court seats up for election.

Are you currently eligible to practice law in the State of Florida:	Yes
Discipline History: Have you ever been disciplined, suspended or disbarred by the Florida Bar or any other jurisdiction? If yes, please list the dates/period of time and explain:	I was 1 of 7 judges (including 1 magistrate) who signed a letter in support of Our Kids, a public child welfare organization instead of a private one. This was wrong. I signed it because I believed that as a member of the Board of the Community Based Care Alliance (CBC), who is mandated with the responsibility of advising DCJF regarding the effectiveness of programs, I erroneously thought that I had a DUTY to speak up for the voiceless. Both the JQC and the Supreme Court acknowledge that this did not involve corruption, simply a group of mistaken jurists. Two-thirds of the dependency bench signed the letter, including the Assistant Administrative Judge and a former Administrative Judge sign the letter. Two-thirds of the Unified Family Division bench signed the letter, including the Administrative Judge. We were given the lowest form of reprimand. The written opinion was the reprimand.
Why would you like to be elected/re-elected as a Judge?	I believe that I have served the people of Miami Dade County honorably and with conviction. I have worked tirelessly to give the litigants access to the courts, be it early mornings or late evenings and weekends. I have treated everyone with respect and prepared for the hundreds of hearings I have held. My 29 civil jury trials in 26 months is a testament of that hard work. I am on time, respectful and prepared.
